Claim Status

Claims 1-3, 6-9, 12-14 and 17-20 are pending. Claims 4, 5, 10, 11, 15, 16, 21 and 22 have been cancelled. Claims 1-3, 6-9, 12-14 and 17-20 are rejected as detailed below.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-3, 6-9, 12-14 and 17-20 are rejected under 35 U.S.C. 102(e) as being anticipated by US Pat No 6,401,118 issued to Thomas (hereafter Thomas).

Claims 1, 7, 12 and 18:

Thomas discloses:

parsing a set of pages for a plurality of text and non-text indexable elements [col 9, lines 5-55]

storing the plurality of text and non-text indexable elements in a computer readable medium as a plurality of records [Fig 3, step 312]

receiving the search query to request a stored record [col 9, lines 5-55]

searching said plurality of records to determine text and non-text indexable elements that correspond to the search query [col 9, lines 5-55]

transmitting at least one text element representation of said query result to a user [Fig 3, step 322]

Claims 2, 8, 13 and 19:

Thomas discloses wherein the object comprises an image [col 9, lines 5-55]

Claims 3, 9, 14 and 20:

Thomas discloses wherein the record comprises a Web page [col 9, lines 5-55]

Claims 6 and 17:

Thomas discloses wherein the object comprises a sound file [col 9, lines 5-55]

Response to Arguments

Applicant's arguments filed 10/10/2006 have been fully considered but they are not persuasive.

Applicant Argues:

Applicant states in the first paragraph on page 4 "The report of Thomas discussed at step 322 and the accompanying text fails to anticipate transmitting at least one text element representation of a query result to a user and transmitting at least one non-text element representation of the query result to the user as claimed by independent claim 1."

Examiner Responds:

Examiner is not persuaded. Thomas, at least in column 9, lines 5-55 discloses returning a web-page containing text, picture files and sound files.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
